

Proboost Vet

Multivitamin, Multimineral & Amino acids

**Composition**

Each ml contains-

Biotin	2 mcg	Zinc (as sulphate)	0.6 mg
Dexpanthenol	15 mg	Potassium citrate	3 mg
Inositol	0.0025 mg	Alanine	0.75 mg
Vitamin A	20,000 IU	Arginine	1 mg
Vitamin B ₁	1 mg	Aspartic acid	1.45 mg
Vitamin B ₂	2 mg	Choline	0.4 mg
Vitamin B ₆	2 mg	Cystine	0.2 mg
Vitamin B ₁₂	10 mcg	Glutamic acid	3.5 mg
Vitamin C	3 mg	Glycine	3 mg
Vitamin D ₃	5000 IU	Histidine	0.525 mg
Vitamin E w/s	5 mg	Isoleucine	0.5 mg
Vitamin K ₃	1 mg	Leucine	1.5 mg
Calcium (as propionate)	5 mg	Lysine	5 mg
Chromium (as propionate)	0.5 mg	Methionine	5 mg
Copper (as sulphate)	0.025 mg	Phenylalanine	0.9 mg
Iodine	0.00025 mg	Proline	0.9 mg
Iron (as sulphate)	0.02 mg	Serine	0.9 mg
Magnesium (as sulphate)	1.5 mg	Threonine	3 mg
Manganese (as sulphate)	0.6 mg	Tryptophan	0.6 mg
Potassium	1 mg	Tyrosine	0.65 mg
Sodium (as chloride)	5 mg	Valine	0.8 mg

Physical / Chemical Properties: Yellow-orange colour liquid

Role of ingredients: Amino acids: Amino acids are the building block of protein. As are the component of enzymes, hormones, muscle, tissue, body fluids etc. Vitamin: Vitamins act as a co-factor of many enzymes. Vitamins are involved in metabolism-to generate energy, vision, skeletal development, skin & mucus membrane maintenance, neurological functions, healing, antioxidant. Mineral: Minerals are involved in bone & teeth development, immune function, muscle contraction, neurological function, reproductive function, maintenance of body fluids, blood formation etc. Minerals also act as a co-factors of different enzymes & hormones secretion.

Benefits:

- Fulfills required nutrients
- Improves immunity
- Ensures optimum growth
- Improves fertility and hatchability
- Increase meat, milk & egg production
- Minimizes stresses

Inclusion rate:

Poultry: 1 ml/ 4 liter of drinking water.

Calf/Sheep/Goat: 5-10 ml/ day through water/feed.

Heifer: 30 ml/ day through water/feed.

Beef cattle: 20-30 ml/ day through water/feed.

Dairy cow: 30-50 ml/ day through water/feed.

Or, as directed by the Veterinary Physician/Nutritionist.

Withdrawal period: Meat, Milk & Egg- Nil.**Storage condition:** Store in dark, cool and dry place. Keep out of reach of children.**Shelf life:** 2 years**Packing:** 25 liter drum**Only for use in Animal/Poultry feed**

Marketed by:

Navana Pharmaceuticals Ltd.

Rupshi, Rupganj, Narayanganj, Bangladesh.

Exporter Name & Details Address:

CACHAREL PTE LTD.56 KALLANG PUDDING ROAD, #07-03.
SINGAPORE 349328

Manufactured by:

Agro Nutrition (Pvt) LimitedOffice: # 57, St. Rita's Road, Mt. Lavinia, Sri Lanka.
Factory: # 59, Moronthuduwa Road, Melagama, Wadduwa.
